AWARD MESSAGE

As John F Kennedy says "We must find time to stop and thank those the people who make a difference in our lives. " So, now it's the time to share the moments of gratitude for all the amazing work that you have done above and beyond which made a difference in my career especially at Dell. Though the role was titled as a mentor, you are a human being who is always ready to support, boost, guide and help. Taking time for me out of your busy schedule and proactively answering multiple questions and clearing the doubts in a very detailed and simple manner that I could understand is highly appreciated. You are very approachable and calm. I would also like to make the special mention of the appreciable efforts you put in for organizing multiple mock presentations so that I am confident on the actual one.
